

SYNOVUS[®]

Regulation F Notification

To help our customers comply with Regulation F, Limitations on Interbank Liabilities, Synovus Bank is providing the most recent quarter end capital ratios. Regulation F requires that banks develop internal policies and procedures to evaluate and control interbank liability to correspondent banks.

The regulation sets no limits on exposure to correspondent banks which are at least "adequately capitalized". For your convenience, a comparison of Synovus Bank's reported financials is provided below.
